### Activity Summary:

The aim of the activity is to provide a supportive environment for youth members to try abseiling.

Participants are fitted with harness, helmet, gloves and descending hardware and rehearse abseiling skills on flat ground.

They then try short drops and are top belayed by experienced supervisors. They can progress to longer descents.

Supervision in the waiting zones is provided by adults from the attending group.

### What participants need to bring

- Bring/wear suitable clothing for the weather, including wet weather gear, enclosed shoes and long pants for the activity
- packed morning tea & lunch, and water bottle
- Insect repellent and sunscreen
- Hair **must** be tied back
- personal first aid kit

Abseiling Kits are provided.
